

FORTUNE FOR BRIDE OF HORSE TRAINER

Will of E. H. Perkins, New
York Banker, Made
Public.

DAUGHTER WEDS SECRETLY

Not Known at Present Where She Is
But Family Expect to Hear From Her
Soon—Estate Valued at Between \$3-
000,000 and \$4,000,000.

NEW YORK, June 13.—Edward H. Perkins, Jr., for many years president of the Importers and Traders' National Bank, died at his residence, 5 East Fortieth Street, on April 12. He was known to have left a large estate, but his will has escaped notice.

By its terms it permits his widow and son, a majority of the executors, to withhold if they deem best, the principal of the daughter's third of the estate and pay her only the income. Even that may be paid not to her but to her mother for her maintenance for the next two years until she is twenty-one. After that she will have the entire income unless she lives with her mother. If she does it is in the discretion of the executors to pay the income to the mother for the maintenance of a home for her daughter.

Income of \$50,000.

The daughter, Margaret S., was secretly married the day before her father's death to James Pearce, a horse trainer, employed in Dickey's riding academy, and has gone abroad. The income of her share is now more than \$50,000 a year.

Mr. Perkins' will was offered for probate on April 19 and admitted on April 30. The executors are Edward Townsend, Mr. Perkins' successor as president of the Importers and Traders' National Bank, Norton Perkins, the only son of the testator, and the widow, Mary Norton Perkins. The value of the estate is estimated by those who know to be between \$3,000,000 and \$4,000,000.

Announced by Letter.

None of her family knew of the marriage of Margaret Perkins on April 11 or that she was even receiving Pearce's attentions. After the marriage she went to her home and her husband to his lodgings. On April 23 Mr. Pearce's mother received a letter, dated the day before, in which the marriage was announced and in which the daughter said that by the time the letter was delivered the daughter and her husband would be on the ocean.

Since then none of Mrs. Pearce's family have heard from her. She had a few hundred dollars when she left home, but not enough to pay the expenses of any extended European trip. The family assumes that they will hear from the young woman, who is nineteen years old, when she and her husband get short of funds.

Mostly Personal Property.

The son, Norton Perkins, is twenty-eight years old, a graduate of Harvard and a member of the New York bar. He is now a clerk in the office of McCurdy & Yard, at 66 Broadway.

Practically all of Mr. Perkins' estate consisted of personal property, the only piece of real estate he owned being the house in which he lived. It was said yesterday that when he died he was the largest individual holder of the stock of the Importers and Traders' National Bank, one of the largest stockholders of the Standard Oil Company, and that all his other securities were equally as high class.

FOUND HIS DAUGHTER AFTER TWELVE YEARS

Kidnaping Case Solved by Illness of
Kidnap, Who, in Delirium, Told
the True Facts.

CHICAGO, June 13.—A strange case of kidnaping, which had its beginning in Hoboken, N. J., twelve years ago, ended in Chicago today by the identification of Mrs. Nathaniel Bloom as his daughter by N. Nathan, a wealthy business man of New York.

Mr. Nathan's daughter Mary, then four years of age, was stolen from in front of the family house in Jersey City in August of 1890, supposedly by a woman named Mrs. Green, who was thought to have fled to Chicago, with the child, but no trace of them could be found.

It now transpires that the Mrs. Green referred to has been living at Aurora, having with her a girl supposed to be her child.

Recently, while ill, and in delirium, she told the girl's mother that her own daughter, and related the name of the girl of the kidnaping. In the meantime the girl, only sixteen years of age, had met and married Nathaniel Bloom, an Englewood carpet dealer. Mr. Bloom, learning from Mrs. Green that she had at one time lived in Hoboken, communicated with the police there. He learned about the child stolen, and today Mr. Nathan reached Chicago and identified Mrs. Bloom as his daughter by a scar on the face and also by her close resemblance to himself.

It is said that in tracing back relationship the young married couple discovered they were first cousins.

NEW SHIPBUILDING COMPANY

John Roach's Old Yards at Chester, Pa.,
Bought Up.

CHESTER, Pa., June 13.—Announcement is made that the shipbuilding business of the Delaware River Iron Shipbuilding and Engine Works, under which name the old Roach yards, at this place, have been operated, has been secured by another, a new company.

The Delaware River Ship and Engine Building Company, with a capital of \$5,000,000, was incorporated at Trenton, N. J., on Tuesday. The incorporators were Osborn Congelton and two employees in his office.

Mr. Congelton said yesterday that Mr. Roach's interest would be very small, and that he (Mr. Congelton) had first secured control of the Delaware River Iron Shipbuilding and Engine Works and supplanted that by the organization of the new company.

Washington	19	23	.452
Cleveland	17	26	.395

The Senators won yesterday's game in the ninth inning by batting out three winning runs. It looked as if the St. Louisans would take the game, but the Statesmen hunked themselves together and won out in the final round. Carrick pitched a good game for the men from this city. There was a good deal of heavy hitting done during the matinee.

The Senators managed to corral sixteen hits off of the two St. Louis pitchers. Sudhoff started in to do the boxwork, but he was relieved from doing it after the Senators had gotten a few runs and served notice that they could hit Sudhoff every day in the week. Reidy, who took his place, pitched a better game, and held the Senators in check until the last inning, when he let down and lost the game. The score:

St. Louis	AB.	R.	IB.	PO.	A.	E.

BASEBALL GOSSIP.

Carrick was more fortunate than his fellow pitchers. And at that his record of thirteen hits was not nearly so good as Townsend's day previous.

Patten is due to go in against St. Louis this afternoon.

Fred Parent, of the Boston Americans, is connecting with the ball rather often lately. This is the man John T. Brush wanted, but failed to land for Cincinnati.

The baseball season at Havana, Cuba, which closed last week, has proven a highly successful one, and the indications are that the American game will prove as popular in the recently organized sister republic as it is in this country. The games drew well and the managers of the teams in the league express themselves as well pleased with the financial returns. The success of the teams means that Cuba will be in line with the rest of the world.

avoided by several times of National and American Leaguers this fall, and the Cubans will get a taste of what the game really is if they should clash.

This season the minor leagues are having more trouble on the score of bad conduct than the big leagues, the Eastern in particular suffering from outbreaks of this sort.

President Powers has begun passing around the fines, in the hope of bettering the conduct of the offenders, and George Stallings is one of those on whom an assessment of \$50 has been levied. Stallings and Umpire Rinn had a run-in at Buffalo, and both were suspended as a result of the little game of fistfists. Both have been reinstated, the manager alone being fined.

Another manager, Barrows, of Toronto, was fined the same sum for the same action, having struck Umpire Kelley while his team was playing in Worcester.

The fines seem to be graded in the Eastern, \$50 for managers, \$25 for players. The last amount is what it cost Kelly, of Montreal, and Bannan, of Toronto, for playing baseball with their fists.

GENERAL SPORTING GOSSIP.

The consecutive century craze is not yet dead among New York wheelmen. Last week George Kirner and Fred Gebhardt, of the Century Road Club, started out for a 600-mile ride in century fashion, twelve hours for each 100 miles.

A bullfight was given in the Plaza de Toros de Nueva Mexico, last Sunday, the unique feature of which was the successful performance of Romulus, the Mexican wrestler, who succeeded in

throwing a wild bull. Romulus grappled the bull and threw him at the first attempt. One bull was killed, but no horses hurt in this fight.

The registration committee of the Metropolitan Association reinstated Myer Prinstein, of Syracuse, who was suspended for playing an unregistered game of basketball.

Ralph F. Hutchinson, who has been athletic director and head coach at Dickinson College for the past year, has resigned to accept a position as coach for next year's Princeton football team.

Tom Daly, of Baldwin's, and Paddy Clark, of Southwark, have been matched to box in one of the preliminary bouts at the Central Athletic Club, Philadelphia, tomorrow night.

M. T. Lightner, of Highland Park, Ill., has been elected captain of the Harvard track team for next year. He has been a sprinter on the Harvard track team for three years. D. P. Penhallow, '03, of Montreal, was elected captain of the lacrosse team for next year.

The Haynes Valley Athletic Club, of San Francisco, has offered 60 per cent of the gross receipts and a \$10,000 guarantee for a meeting between Yanger and Corbett. Yanger has accepted.

The National Automobile Racing Association announces that it intends holding

ing a big mobile race meet at Brighton Beach on June 21. Eight events are scheduled to take place, one being a twenty-five-mile race for all classes. This will be the first regularly conducted meet on a track in this section, and it is bound to prove interesting.

Clark L. Du Val, of New York, has been elected manager of the Yale track team. It is thought that the new manager will be allowed to take a Yale team abroad next June to compete against Oxford and Cambridge.

Herbert I. Benjamin, 1904 Science, has been elected captain of the Columbia lacrosse team for next year in place of Alan Coggeshall, 1903 Science. Benjamin has played on the team for the last two years.

The ever-popular twenty-foot class, which has afforded so much sport in Newport for several seasons, will have three additions from New York this year. The designer is Clinton H. Crane; the builder, Wood, of City Island, and the owners are Everett Macy, Walter Ladd and Henry Eno.

On June 16 the old Phoenix Athletic Club, at Memphis, Tenn., will reopen. The club will match bantams and light-weights only.

The National Automobile Racing Association announces that it intends holding

PARKER, BRIDGET & CO. Ninth and the Avenue. PARKER, BRIDGET & CO. Ninth and the Avenue.

PARKER-BRIDGET CLOTHING

We have made Parker-Bridget clothing mean more to you than any ready-to-wear clothing ever meant. We've carved out a new and higher place in public esteem than that occupied by the "general run." In Parker-Bridget clothing the man of taste finds an ideal, the man who knows style recognizes it, and the man who knows good making sees it in Parker-Bridget clothing. Any wonder we have to spread out and take in more space? It's only natural that more people will know of this improvement in clothing every day, and we've got to accommodate them.

We haven't absorbed this new building as a matter of pride but as a matter of necessity. We've made the business for it—now we'll get the space for the business. Disaster awaits any other course.

A Better Two-Piece Suit Than Ever.

—Every past season's idea has to give way to the present season's perfection—according to our policy. Standing still means going back with us—and we'll never go back for as long as there is room for originality and the creative result of brains and study, we'll progress.

—We've used a selected line of Wool Crash, Serge, Homespun, and Striped and White Flannels for these two-piece suits. You won't see other patterns like them, either. The prices range from

**\$8.00
to \$20.00**

—There's a suggestion in these new skeleton serge Norfolk Coats. They're just correct to wear with flannel or duck trousers. We had them made up for that purpose, \$5 and \$6 is little for them.

Still More Panamas.

—We're working on a system for supplying the Panamas we need that we believe is the only one that would ever keep up with the demand we're having.

Another 50 doz. Blocked and Negligee Panamas have arrived in time to go on sale Saturday—\$10 and \$12—but we believe from what we've seen that it would take \$12 and \$15 to equal them anywhere else.

—For the men who are not Panama struck—there are 25 dozen Men's Yacht and Alpine Hats in all the wanted brads—hats that will compare with others selling up to \$1.75, for **\$1.00**

Youths' Clothing.

—Clothing that is built like the men's. Men's styles are Youths' styles according to our way. What's best for one ought to be best for the other. \$8 to \$20.

Parker Budget & Co.
Head-to-Foot Outfitters,
Ninth and the Avenue.

You Have a Price Interest in This Furnishing Dept.

—There is such a thing as a "bargain" in furnishings. And it all depends on the man you have buying for you. If the chief of a furnishings department is thoroughly alive to conditions and values—and can handle large quantities of goods—he can make his prices interesting without any sacrifice of quality whatever. That is instanced very effectively in these goods.

We are selling those collarless Nainsook Nightshirts, sizes 14 to 19—extra full and long—that everyone else has at **75c** for **\$1.00**.

And fine light Cambric Nightshirts in white and fancy effects, for **50c**.

Hosiery—75 dozen Black Lisle Half Hose of the quality that brings 35c right along—for **25c**.

There's a better Pajama here at \$1—than any other we've seen. A featherweight—in the very neatest effects.

Negligee Shirts start at 50c. We've made the 50c line particularly strong—putting in shirts that really ought to sell for more money. White ones and fancy ones.

300 dozen socks—in Oxford and Cheviots—the very latest effects—solid colors, stripes, etc. They sell for 50c. We've got them for **25c**.

Boys' Clothing.

—The lightest weight Suits in Blue Serges and Homespun—half lined and skeletons—double breasted, single breasted, and Norfolk styles. Splendidly tailored garments—of a class superior to any other boys' suits you know of **\$3.95 up**

—This line of Boys' Suits at \$3.95 is a particularly strong one. We're constantly adding to it, too. There's little that's good among usual \$5 values that is not shown at **\$3.95**. Serges, Mixed Cheviots, etc., in a wide variety of style.

—Boys' Wash Suits range from \$1 to \$6. A proper variety of fabrics in white, colors, or fancy effects. Better finished—with many touches of originality about them than is usual.

—A special line of Boys' White Blouse Suits—3 to 12 years' sizes **\$2.00**

WIZARD TOPS FREE WITH SUITS.

Boys' Furnishings.

—Let that boy be particular about his furnishings. If he takes an interest in looking right it's a good sign, because he is likely to be just as particular about the more important subjects of life.

What's correct in boys' furnishings, we show. We price the goods right, too.

Negligee Shirts, white and fancy.....50c to \$1.00
Negligee Blouses, with and without collars.....50c
Boys' Pajamas.....75c, \$1.00 and \$1.50
Boys' Stockings—a special line.....25c
Boys' Belts.....25c and 50c
Boys' Stocks, P. K. and Madras.....50c
